Assistant Professor – High-Temperature Experimental Geochemistry

The Department of Geosciences at Stony Brook University invites applications for a full-time tenure-track faculty position at the Assistant Professor level in high-temperature experimental geochemistry. We seek a candidate with the potential to carry out a program of research in the broadly-defined area of high-temperature geochemical processes that complements one or more of the Department's current and traditional research strengths, and who will be an effective teacher in undergraduate and graduate courses. Details of the Department's areas of research emphasis and current facilities can be found at: www.stonybrook.edu/geosciences.

Qualifications

The successful candidate must have (i) a Ph.D. in the geosciences or closely related field at the time of appointment, (ii) clear potential to establish an internationally recognized, externally funded research program that would include mentoring of a diverse body of graduate and undergraduate students, and (iii) a demonstrated commitment to excellence in inclusive teaching at the undergraduate and graduate levels

Application instructions

Applicants should submit application materials online by January 16, 2024 through Interfolio at: <https://apply.interfolio.com/131971> (Reference: 123534). Applications should include a cover letter, CV, research and teaching statements and the names and contact information of three references. Questions regarding the position should be directed to the Chair of the Search Committee, Prof. Lars Ehm (Lars.Ehm@stonybrook.edu).

If you need a disability-related accommodation, please contact the Office of Equity and Access at (631)632-6280.

Equal Employment Opportunity Statement

Stony Brook University is committed to excellence in diversity and the creation of an inclusive learning, and working environment. All qualified applicants will receive consideration for employment without regard to race, color, national origin, religion, sex, pregnancy, familial status, sexual orientation, gender identity or expression, age, disability, genetic information, veteran status, and all other protected classes under federal or state laws.
